For students graduating in 2018 or later, to be considered for valedictorian/salutatorian honors, a student must have earned the highest/second-highest GPA for his/her class.

The student must have been a Brookfield student as of the second semester of his/her junior year.

***HOME OF THE WARRIORS***

4 credits of science (including Physics and/or Human Physiology);

3 credits of a Foreign Language;

2 credits of AP English

CCP students may take an advanced English class in lieu of AP English at the High School with Principal approval. Tutored courses will not be considered for valedictorian/salutatorian status. Online classes may be considered with Principal approval.

In the event that all course-related requirements are not met, the valedictorian/salutatorian will be the student who has earned the most number of credits in his/her math, science, foreign language, and AP courses. If a tie remains, the student with the most AP credits will earn the title.

## **E. Drop and Add Regulations**

### Adding a Course:

Students add courses to their schedule providing the course being added has seats available. Classes may be added within a **one-week** window of the beginning of the course.

### Dropping a Course Without Penalty:

Courses may be dropped and others added to meet graduation requirements or the entrance requirements of a particular educational institution. To add or drop a course, the **one-week** window rule is enforced.

If the teacher and counselor determine that a subject is too difficult for the student, a recommendation might be made for the student to drop the class.

The student must have made every attempt to do assigned work, homework, and sought after school extra help from the teacher. This process must be completed by the 5th week of the semester. No class may be added to replace the dropped class unless it is dropped within the one-week window.

## **F. Policy for Course Retakes**

When a student chooses to retake a course, which was passed, to raise the grade, the course must be taken in a **regular** school class and the higher grade of the two is calculated in the grade point average. The lower grade is removed from the student's permanent record.

A required course, which has been failed, may be made up through summer school or through the *Warrior Online Academy*.

## **Section 3: Activities Information**

### **A. Homecoming / Other Dances/ Field Trips**

Once a person has paid the admission, or stepped on the bus, s/he will be considered in attendance at the dance/activity.

Once a person is officially in attendance, s/he cannot leave the building/bus and come back in/on. Any student who leaves the building/bus will no longer be under the supervision and/or responsibility of the chaperones. Students will accept full responsibility for their decision to leave the dance/activity and will accept responsibility for his/her actions from that point on.

Chaperones, however, do have the authority to remove or have removed from the dance and/or premises, any student who breaks any rule, regulation, or policy governing school-related functions which include those made over and above those written in the student handbook, made to specifically relate to a particular event.

Violation of any rule, regulation in policy governing all school functions and/or this dance/activity in particular, may result in dismissal from the dance and the premises. If this should occur, the advisor shall call the student's parent to inform them of this action and the reason why such an action is necessary. This call shall be completed before the student is removed from the building.

If, in the opinion of the administrator in attendance and the club advisor, a student's behavior and/or condition warrant immediate disciplinary action, the proper authorities may be called to remove students from the dance/activity and be taken to the police station. The parents will then be notified of such action.

If improper conduct is displayed at a dance/activity, the dance/activity may be canceled immediately.

The Code of Conduct is in effect at all school activities.

### **B. Junior & Senior Prom**

Only Junior and Senior students OR graduates may attend the annual Junior-Senior Prom. No guests are permitted to attend after reaching the age of 21. All participants at the prom will be expected to comply with our school rules and policies.

### **C. National Honor Society Selection**

Membership selection into the National Honor Society is based on a student's scholarship,

service, leadership and character. Each of these areas is examined as part of the selection process. To be eligible for membership the candidates must be members of the junior or senior classes and the candidates must have been in attendance at the school for one semester.

Candidates must have a cumulative scholastic average of a 3.25 based upon 5 semesters for junior students and 7 semesters for seniors. The candidates should have a passing grade in physical education and candidates are encouraged to take more than the minimal number of required courses. Student records may be consulted.

The selection of members will be based upon faculty recommendations and the majority vote of the faculty council.

Candidates will also be evaluated on the basis of service, leadership and character. Service is based upon a student's current, active participation in both school and community activities. School activities include participation in clubs and/or sports. Community activities would encompass organizations such as Youth Court, Scouting, church groups and/or other civic organizations.

Leadership is assessed in two ways. The first deals with the leadership roles to which you have been elected since 9th grade. The second is more subjective as it deals with how others perceive you as a leader. It examines whether you are seen by your teachers / coaches / advisors as a positive leader in classes or other activities.

Character is the least concrete category and probably the most difficult to evaluate. Evaluation of character cannot be based on hearsay but must be based on observation or documentation. Honesty and trustworthiness as perceived by others as well as adherence to rules are necessary qualities.

## **D. Extracurricular Student Activities**

Involvement in extracurricular activities is strongly encouraged for all students. There are a wide variety of opportunities for students to be involved in. Extracurricular activities are a great way to meet people, pursue a personal passion and give back to our community.

## **Section 4: Attendance Policy**

### **A. Compulsory School Attendance:**

The Ohio Revised Code states that "A child between the age of 6 and 18 years is of compulsory school age" (ORC 3321.13) The laws of the state of Ohio (ORC 3321.04) require that every parent, guardian or adult having charge of any child between the age of 6 and 18 must send such child to a public, private or parochial school for the full term that school is in session, unless excused by proper legal certificate. Such attendance must begin on the first day of school.

Regular attendance is one of the first requirements for good progress in school. Skipping classes or truancy is usually the first step toward serious discipline problems. School authorities have a right to know why a student is absent from school. Students not present in school for any purpose are counted as absent.

## **B. Types of Absences:**

The Brookfield Local School District recognizes two (2) different types of absences:

### ***I. Excused:***

- In this case, the school was notified the day of the absence **and** the student brought in a signed, dated note from a parent or physician (if more than 5 days), a document indicating a court appearance, or evidence of one of the following reasons for absence from school as permissible by the Ohio Revised Code. The Ohio Revised Code and Board Policy permit students to be absent from school for the following reasons:
  1. Personal illness (medical verification required upon the 5th consecutive absence).
  2. Family illness (medical verification may be required if it is deemed appropriate).
  3. Quarantine of the home (The absence of the child is limited to the length of the quarantine as determined by proper health officials).
  4. Death of a close relative - three (3) days maximum unless reasonable cause shown otherwise.
  5. Observance of Religious Holidays.
  6. Family emergency - it must be an acceptable reason in the judgment of the Principal. The fact that the parent knows where his/her child is, if not in school, does not make the absence legal or verified.
  7. Medical or dental appointments that cannot be arranged during non-school hours.
  8. Authorized school-sponsored activities.
  9. College Visitations/Job Shadowing - Seniors are permitted three college visitation days. The parent/guardian must notify the school secretary, Mrs. Price, of the upcoming visit. The student must provide verification of the visit on college letterhead upon return. Job shadowing is permitted by only senior and junior students in order to shadow someone in a prospective career. Guidance Counselor, Ms. Anthony, will share the criteria to be met for this to be an excused absence.

## II. *Unexcused Absences:*

1. Any absence not excused by state law.
2. Any absence for which a student fails to submit a written note the returning day.
3. An unexcused absence is defined as an absence “without a legal reason.”

## **C. Excessive Absences/Habitual Truancy - Under House Bill 410:**

In December 2016, the Ohio General Assembly passed House Bill 410 (HB 410) to incorporate a preventative approach to excessive absences and truancy. Pursuant to HB 410, the Brookfield Local School District has amended and adopted attendance policies that are required by law. Brookfield Local School District is now required to track students’ attendance by “hours” rather than “days.” One school day is equal to 6.05 hours. **Every minute counts. Time out of the building accumulates quickly.**

- **HABITUAL TRUANCY POLICY:**

Students who are not excused from school will fall under “habitual truancy.” **Habitual Truancy** includes any **unexcused absences** and meets the following criteria:

- 30 or more consecutive hours
- 42 or more hours in one month
- 72 or more hours in one year

The school and/or district, working in conjunction with the juvenile court, is required to take measures to improve habitual absenteeism, truancy, and tardiness.

- **EXCESSIVE ABSENCES POLICY:**

Even with legitimate excuses, children with excused absences may fall under “excessive absences”. Parents will be notified of a child’s **Excessive Absences** whether excused or unexcused if absences meet the following criteria:

- 38 or more hours in one school month
- 65 hours or more in one school year

Once a child meets the above hours, our Absence Intervention Team (AIT) will put into place an **Absence Intervention Plan** for the child. The Attendance Officer will contact the parent/guardian, as well as the child, regarding the date and time of a meeting set by the school’s AIT that the parent/guardian and child is required to attend. During this meeting, the nature of the student’s attendance problem will be identified, strategies to reduce the absenteeism will be discussed, and an Absence Intervention Plan will be developed. Action must then be taken by the parent/guardian and the child to resolve the cause(s) of the absences. Failure to follow and meet the plan requirements will result in the Attendance Officer filing an official complaint in juvenile court.

The school and/or district, working in conjunction with the juvenile court, is required to take measures to improve habitual absenteeism, truancy, and tardiness.

## **D. Attendance Related Rules and Procedures:**

- **Contact School:** Parents/guardians **MUST** call the school office at 330-448-3001 and report your child's absence and the reason. If the absence is to be for an extended time, the reason can be given and it will not be necessary to call each day.
- **ONECALL System:** If no call is received, we will contact your home requesting a response. Ohio law requires daily contact when a call is not received. The ONECALL system will automatically make the calls. This may be an automated call.
- **Note Required:** If a student is out of school due to illness, a note from the parent/guardian or doctor **MUST** be turned in upon the student's return for the absence to be excused.
- **Extended Illnesses:** If a student is going to be absent for a long period of time due to illness, the school should be aware of this factor so that home instruction can be arranged.
- **Excessive Absences:** If, at any time that absences become excessive, a doctor's statement as to the reasons for the frequent absence is required. The excuse must state that the student was unable to attend school. The student **MUST** turn in a doctor's excuse the day they return to school.
- **Make-up Work:** The child will have one day plus the number of days absent to make up all work missed. It is the responsibility of the student to find out what s/he missed and make arrangements with the teachers in order to make up work missed.
- **Appointments:** Students are requested to make all doctor/dentist appointments after school hours and/or on Saturday. Any appointment unable to be made after school must be verified by the student bringing an "office visit" slip upon their return to school. Failure to bring in proper documentation may result in an unexcused absence. Students are expected to attend school before and after the appointment as only the time of the appointment and time of transportation will be excused.
- **Vacations/Trips:** If parents are taking students on a trip with them, the school should be informed before leaving. All vacations are **UNEXCUSED** absences, so please plan accordingly. Family vacations should be scheduled on days when school is not in session.

## **E. Tardy to School Policy**

*HOME OF THE WARRIORS*

Any student arriving at school and not in a designated classroom by **8:00 a.m.** is considered tardy. Students late to school in the morning must report to the office before going to class. A tardy slip must be issued for admittance to class.

A. Students tardy to school must report to the Main Office to sign in and give their reason for tardiness.

B. A student is considered tardy to school if s/he is not in his/her designated room when the last tardy bell rings at **8:00 a.m.**

C. The only acceptable excuses for tardiness are the same as those for absences and require a parent and/or doctor note.

D. Excessive tardiness due to illness may require written confirmation from a doctor that a medical problem exists.

E. The student will report to the classroom and present the slip to the teacher.

## **F. Tardy to Class Policy**

Any student arriving late to class will not be admitted to class without a pass. Students who are tardy to class more than 5 times during a 9 week period will be issued progressive discipline by the administration.

## **G. Leaving School Grounds**

Leaving the school building or grounds, unless as a function of a supervised school activity or with administrative permission, is prohibited. Students are to remain in the building for the time of arrival until the official time of dismissal unless they have been granted special permission due to program enrollment such as CBI. Failure to comply will result in disciplinary action. In the event that a student leaves school grounds without permission, the administration will notify local authorities as well as the student's parent/guardian.

Students may only leave and return back to school during the school day for scheduled Dr. appts. In order to leave, a parent/guardian must call the building office directly to notify us of the appt. and a doctor's note must be turned into the office upon return to school.

## **H. Truant From Class Policy**

Students being truant from class or “skipping” class will not be tolerated. A student who does not report or knowingly skips class will be issued progressive discipline by the administration.

## **Section 5: Student Code of Conduct**

The maintenance of school discipline and proper behavior is essential to the establishment of a proper learning environment. All employees, as well as all students, are responsible for the maintenance of good discipline within the school setting. A breach of discipline is any conduct of pupils, which substantially and materially interferes with the maintenance of a proper learning environment. Acts of behavior which tend to conflict with the education program, which can be antagonistic to the welfare of other students, the staff and/or the system cannot be tolerated. School authorities cannot accept liability and responsibility for student health, safety and welfare unless the student conforms to the specified standards of good conduct.

In order to maintain the proper learning environment for all students, when a student is found to be in violation of this Code of Conduct it shall be considered a serious breach of accepted behavior and disciplinary action will be taken. Unless otherwise noted in the individual section, this code shall be applicable on school grounds at all times or off school grounds during a school-sponsored activity, on any school conveyance and at any other time when the student is subject to the authority of the school.

Students who engage in acts that repeatedly violate this code will be subject to more severe consequences for subsequent violations. The school district shall be entitled to maintain a record of each student's misconduct and consider such records in arriving at the type of severity of punishment for a violation of this code.

- Every attempt shall be made to be as fair as possible.
- Self-discipline is something we all must learn. It is perhaps the most important type of discipline.
- The administration and teachers do not punish students when they show improper conduct. They only take corrective action in holding undesirable behavior accountable so as not to interfere with the education of others.
- A consistent effort will be made to keep a few students from giving the entire student body a negative image and poor reputation.
- This Local Board-adopted policy is in compliance with Ohio Law 3313.661.
- All misconduct could not possibly be listed. In other cases of misconduct, the corrective action taken will relate as closely as possible to the offense.
- Rules and regulations defining every type of student behavior are neither practical nor possible. Students are expected to behave and obey school rules, regulations, and procedures and to practice good citizenship at all times in school and related school extracurricular activities.
- In order to provide an efficient school, a certain level of student discipline is necessary. In providing this environment, we believe the following rules and regulations will act as positive guides.

- The violations involve corrective action for one school year at a time. They are not cumulative except in truancy cases that are cumulative throughout the student's K through twelve educational experiences.
- Parents are to be notified whenever possible of serious or repetitive infractions.
- Repetitive infractions of school rules and regulations may result in eliminating prior steps to expulsion.
- At extracurricular functions, consequences shall be administered at the discretion of the administration.

NOTE: A listing of infractions and corrective actions is distributed to students at the beginning of the school year.

## **A. Person-to-Person Relationships / Threats**

Students will show proper consideration and respect toward staff members and fellow students. Any threat by a student, whether verbal, physical or electronic, directed towards any adult in our building will result in an automatic suspension pending expulsion with a police report being filed. attempting to intervene, such actions may be regarded as a separate violation, specifically an assault, and may result in a police report and appropriate disciplinary consequences. In such instances, the staff member retains the right to pursue legal remedies in the civil and criminal courts independent of the actions(s) taken by the school district. Committing such an offense will result in disciplinary action with a range of applications based on the severity of the offense determined by highschool administration.

Through this policy, we hope to maintain a balance of compassion for anyone suffering from alcohol and drug abuse and also protect the educational integrity of our schools. It is mandatory that students be in compliance with the standards of conduct set forth in this policy. ## **U. Use & Searches of Lockers / School Property / Personal Belongings / Person**

Students are assigned lockers for their convenience in storing books, school supplies and coats. However, such an assignment does not limit the right of school officials to examine lockers when, based upon a reasonable suspicion, they believe it is necessary for the safe, “non-disruptive” operation of the school. All students will be assigned lockers and combinations. Writing on the outside and/or inside of a locker is prohibited. Also, any damage, which occurred through carelessness, kicking, slamming, etc. will be considered vandalism and subject to appropriate discipline. The Board of Education, or its designee, reserves the right to search the lockers, vehicles, desks, person, and personal belongings of a student on school grounds or at any school activity when, based upon a reasonable suspicion, it is reasonably necessary for the maintenance of order, discipline, and safety in the supervision and education of students. ## **Section 8: Board Policy on Bullying and Hazing**

### **BULLYING AND OTHER FORMS OF AGGRESSIVE BEHAVIOR**

The Board of Education is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive

interpersonal relations between members of the school community.

Harassment, intimidation, or bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes aggressive behavior, physical, verbal, and psychological abuse, and violence within a dating relationship. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property, on a school bus, or while enroute to or from school, and those occurring off school property if the student or employee is at any school-sponsored, school- approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, in a school vehicle, or where an employee is engaged in school business.

This policy has been developed in consultation with parents, District employees, volunteers, students, and community members as prescribed in R.C. 3313.666 and the State Board of Education's Model Policy.

## **Harassment, intimidation, or bullying means:**

- A. any intentional written, verbal, electronic, or physical act that a student or group of students exhibits toward another particular student(s) more than once and the behavior both causes mental or physical harm to the other student(s) and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s); or
- B. violence within a dating relationship.

"Electronic act" means an act committed through the use of a cellular telephone, computer, pager, personal communication device, or other electronic communication device.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well being. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, color, national origin, marital status, or disability. It would include, but not be limited to, such behaviors as stalking, bullying/cyberbullying, intimidating, menacing, coercion, name calling, taunting, making threats, and hazing.

Harassment, intimidation, or bullying also means cyberbullying through electronically transmitted acts (i.e., internet, e-mail, cellular telephone, personal digital assistance (PDA), or wireless hand-held device) that a student(s) or a group of students exhibits toward another

particular student(s) more than once and the behavior both causes mental and physical harm to the other student and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s).

Any student or student's parent/guardian who believes s/he has been or is the victim of aggressive behavior should immediately report the situation to the Building Principal or assistant principal, or the Superintendent. The student may also report concerns to teachers and other school staff who will be responsible for notifying the appropriate administrator or Board official. Complaints against the Building Principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required to report any situation that they believe to be aggressive behavior directed toward a student. Reports may be made to those identified above.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated. The Building Principal or appropriate administrator shall prepare a written report of the investigation upon completion. Such report shall include findings of fact, a determination of whether acts of harassment, intimidation, and/or bullying were verified, and, when prohibited acts are verified, a recommendation for intervention, including disciplinary action shall be included in the report. Where appropriate, written witness statements shall be attached to the report.

If the investigation finds an instance of harassment, intimidation, and/or bullying/cyberbullying by an electronic act or otherwise, has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This may include suspension or expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

If, during an investigation of a reported act of harassment, intimidation and/or bullying/cyberbullying, the Principal or appropriate administrator believes that the reported misconduct may have created a hostile learning environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Principal will report the act of bullying and/or harassment to one of the Anti-Harassment Compliance Officers so that it may be investigated in accordance with the procedures set forth in Policy 5517 - Anti-Harassment.

Retaliation against any person who reports, is thought to have reported, files a complaint, or

otherwise participates in an investigation or inquiry concerning allegations of aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as aggressive behavior. Retaliation may result in disciplinary action as indicated above.

Deliberately making false reports about harassment, intimidation, bullying and/or other aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Deliberately making false reports may result in disciplinary action as indicated above.

If a student or other individual believes there has been aggressive behavior, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

The District shall implement intervention strategies (AG 5517.01) to protect a victim or other person from new or additional harassment, intimidation, or bullying and from retaliation following such a report.

This policy shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken. If after investigation, acts of bullying against a specific student are verified, the Building Director or appropriate administrator shall notify the custodial parent/guardian of the victim of such finding. In providing such notification care shall be taken to respect the statutory privacy rights of the perpetrator of such harassment, intimidation, and/or bullying.

If after investigation, acts of harassment, intimidation, and/or bullying by a specific student are verified, the Building Director or appropriate administrator shall notify in writing the custodial parent/guardian of the perpetrator of that finding. If disciplinary consequences are imposed against such student, a description of such discipline shall be included in the notification.

## **Complaints**

Students and/or their parents/guardians may file reports regarding suspected harassment, intimidation, or bullying. Such reports shall be reasonably specific including person(s) involved,

number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator, and they shall be promptly forwarded to the Building Director for review, investigation, and action.

Students, parents/guardians, and school personnel may make informal or anonymous complaints of conduct that they consider to be harassment, intimidation, and/or bullying by verbal report to a teacher, school administrator, or other school personnel. Such complaints shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. A school staff member or administrator who receives an informal or anonymous complaint shall promptly document the complaint in writing, including the information provided. This written report shall be promptly forwarded by the school staff member and/or administrator to the Building Director for review, investigation, and appropriate action.

Individuals who make informal complaints as provided above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. Anonymous complaints shall be reviewed and reasonable action shall be taken to address the situation, to the extent such action may be taken that (1) does not disclose the source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of harassment, intimidation, and/or bullying.

When an individual making an informal complaint has requested anonymity, the investigation of such complaint shall be limited as is appropriate in view of the anonymity of the complaint. Such limitation of investigation may include restricting action to a simple review of the complaint subject to receipt of further information and/or the withdrawal by the complaining student of the condition that his/her report be anonymous.

## **Privacy/Confidentiality**

The School District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law.

## **Reporting Requirement**

At least semi-annually, the Superintendent shall provide to the President of the Board a written

summary of all reported incidents and post the summary on the District web site (if one exists). The list shall be limited to the number of verified acts of harassment, intimidation, and/or bullying, whether in the classroom, on school property, to and from school, or at school-sponsored events.

Allegations of criminal misconduct and suspected child abuse will be reported to the appropriate law enforcement agency and/or to Child Protective Services in accordance with statute. District personnel shall cooperate with investigations by such agencies.

## **Immunity**

A School District employee, student, or volunteer shall be individually immune from liability in a civil action for damages arising from reporting an incident in accordance with this policy and R.C. 3313.666 if that person reports an incident of harassment, intimidation, and/or bullying promptly, in good faith, and in compliance with the procedures specified in this policy. Such immunity from liability shall not apply to an employee, student, or volunteer determined to have made an intentionally false report about harassment, intimidation, and/or bullying.

## **Notification**

Notice of this policy will be annually circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the teacher, student, and parent/guardian handbooks. At least once each school year a written statement describing the policy and consequences for violations of the policy shall be sent to each student's custodial parent or guardian.

The statement may be sent with regular student report cards or may be posted on the web site.

The policy and an explanation of the seriousness of bullying by electronic means shall be made available to students in the District and to their custodial parents or guardians.

State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedures.

## **Education and Training**

In support of this policy, the Board promotes preventative educational measures to create greater awareness of aggressive behavior, including bullying and violence within a dating relationship. The Superintendent or designee shall provide appropriate training to all members of the School District community related to the implementation of this policy and its accompanying

*HOME OF THE WARRIORS*

administrative guidelines. All training regarding the Board's policy and administrative guidelines about aggressive behavior and bullying in general, will be age and content appropriate.

Annually, the District shall provide all students enrolled in the District with age-appropriate instruction regarding the Board's policy, including a written or verbal discussion of the consequences for violations of the policy.

Students in grades seven (7) through twelve (12) shall receive age-appropriate instruction in dating violence prevention education, including instruction in recognizing dating violence warning signs and characteristics of healthy relationships. Parents, who submit a written request to the Building Director to examine the dating violence prevention instruction materials used in the school, will be afforded an opportunity to review the materials within a reasonable period of time.

The District shall provide training, workshops, and/or courses on this policy for school employees and volunteers who have direct contact with students. Time spent by school staff in these training programs shall apply toward mandated continuing education requirements.

In accordance with Board Policy 8462, the Superintendent shall include a review of this policy on bullying and other forms of harassment in the required training in the prevention of child abuse, violence, and substance abuse and the promotion of positive youth development.

The Superintendent shall develop administrative guidelines to implement this policy. Guidelines shall include reporting and investigative procedures, as needed. The complaint procedure established by the Superintendent shall be followed.
