Chapter 11: Measurement				
April: 8 Days	CC.K.MD.1. Describe measurable attributes of objects, such as length or weight. Describe several measurable attributes of a single object.	Describe measureable attributes of an object.	*Show what you know *Mid-chapter check point	*Chapter test *When given 2 objects students can desribe which is longer/shorter or heavier/lighter
	CC.K.MD.2. Directly compare two objects with a measurable attribute in common, to see which object has "more of"/"less of" the attribute, and describe the difference. For example, directly compare the heights of two children and describe one child as taller/shorter.	Identify which object has more or less of an attribute.	*Show what you know *Mid-chapter check point	*Chapter test
